7. Comments (optional)

The Complainant has established that the domain name is similar to its UK trademarks and has further demonstrated extensive use of the term “Coventry Building Society” since registering the name in 1983 under the Building Societies Act 1962. Furthermore, based on the record, it is clear that the registration and use of the domain name is inherently unfair and likely to cause confusion for reasons expressed in the complaint. In addition, the Respondent, who has not participated in these proceedings, has not provided any evidence that he has any rights or legitimate interest in the domain name.

8. Decision

I grant the Complainant’s application for a summary decision. In accordance with section 12 of the Policy, the domain name will therefore be transferred to the Complainant.
