**Public Authority:** The NHS Commissioning Board (NHS England)

**Address:** Quarry House  
Quarry Hill  
Leeds  
LS2 7UE

#### **Decision (including any steps ordered)**

---

1. The complainant requested information from the NHS Commissioning Board ("NHS England") relating to the correspondence between NHS England and McKinsey & Co. By the date of this notice NHS England had not provided a substantive response to this request.
2. The Commissioner's decision is that NHS England has failed to respond to the request within 20 working days and has therefore breached section 10 of the FOIA.
3. The Commissioner requires NHS England to take the following steps to ensure compliance with the legislation.
  - Issue a substantive response to the request in accordance with its obligations under the FOIA.
4. NHS England must take these steps within 35 calendar days of the date of this decision notice. Failure to comply may result in the Commissioner making written certification of this fact to the High Court pursuant to section 54 of the Act and may be dealt with as a contempt of court.

## Request and response

---

5. On 31 October 2021, the complainant wrote to NHS England and requested information in the following terms:

*"This is a freedom of information request for the following:*

*Between 14 February 2020 and 14 September 2020, all electronic correspondence between Lord Prior, NHS England chair, and representatives of McKinsey & Co (and or its subsidiary Quantum Black). Please include all attachments to email correspondence."*

6. NHS England wrote to the complainant on 3 November 2021 to acknowledge the request.
7. On 2 March 2021, as the complainant had not received a response, she wrote to NHS England to ask for an update on the status of her request. By the date of this notice NHS England had not responded to the complainant.

## Scope of the case

---

8. The complainant contacted the Commissioner on 1 April 2021 to complain about NHS England's failure to respond to her request.
9. The Commissioner contacted NHS England on 30 April 2021 reminding it of its responsibilities and asking it to provide a substantive response to the complainant within 10 working days.
10. The Commissioner also contacted the complainant on 30 April 2021 to explain that NHS England had been given 10 working days from that date within which to provide a response to her request.
11. The complainant has provided evidence that she has received an acknowledgement from NHS England but, by the date of this notice, had not received a substantive response to her information request.
12. The scope of this notice and the following analysis is to consider whether NHS England has complied with section 10 of the FOIA.

## Reasons for decision

---

13. Section 10 of the FOIA states that:

*Any person making a request for information to a public authority is entitled –*

*(a) To be informed in writing by the public authority whether it holds information of the description specified in the request, and*

*(b) If that is the case, to have that information communicated to him.*

14. Section 10 of the FOIA states that responses to requests made under the Act must be provided, "*promptly and in any event not later than the twentieth working day following the date of receipt.*"

15. NHS England did not provide a substantive response to the request within 20 working days of receipt. Therefore, the Commissioner's decision is that NHS England has breached section 10 of the FOIA.
