Eurofoam GmbH, Josef Innerlohinger and
Manfred Marchgraber

ISSUE Mention of additional inventors for
patent number GB 2468556
under Section 13(1)

HEARING OFFICER S M Williams

DECISION

- 1 Patents Form 7 names two inventors: Josef Innerlohinger and Manfred Marchgraber.
- 2 Franz Schaufler and Friedrich Suchomel have now made an application under rule 10(2) of the Patents Rules 2007 to the effect that they should also be named as inventors.
- 3 Wolfgang Ender, in his role as General Manager, has provided written consent to the application on behalf of the patent proprietor Eurofoam GmbH. For their part Josef Innerlohinger and Manfred Marchgraber have also provided written consent to the application. I therefore conclude that all relevant parties agree that Franz Schaufler and Friedrich Suchomel should also be named as inventors.
- 4 Accordingly I find that Franz Schaufler and Friedrich Suchomel should be mentioned as joint inventors along with Josef Innerlohinger and Manfred Marchgraber in the published patent application and granted patent for the invention. I also direct, in accordance with rule 10(1), that an addendum slip mentioning Franz Schaufler and Friedrich Suchomel as joint inventors be prepared for the published patent application and granted patent for the invention.
