EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations amend the National Health Service (Liabilities to Third Parties Scheme) Regulations 1999 (“the Principal Regulations”) which established a Scheme whereby certain bodies as set out in the Regulations may make provision for meeting liabilities to third parties in connection with any loss, damage or injury arising out of the carrying out of the bodies’ functions.

Regulation 2 amends the Principal Regulations by updating the definition of relevant function. The new definition corresponds to how services are now commissioned or provided for the purposes of the health service and covers the activities of bodies exercising other functions in relation to the health service and other powers to generate income.

Regulation 3 amends the Principal Regulations to provide that where loss, damage or injury arising out of the carrying out of a member’s relevant function occurred before the coming into force of the new definition of “relevant function” which is contained in these Regulations, it will be treated with effect from 1st May 2014 as if that definition had been in force before the loss, damage or injury occurred.

Regulation 4 reduces the termination period in the Principal Regulations from 12 months to 7. It also provides that if a member becomes insolvent or is no longer eligible to be a member of the scheme, the Secretary of State may terminate its membership with immediate effect.

Regulation 5 changes the date by which the Secretary of State must notify a member of the contributions payable under the scheme, in respect of the member’s third and subsequent years of membership, from 31st October to 31st December of the preceding year and makes further changes to do with making of payments in subsequent years. It also provides that the Secretary of State may have regard to certain factors in determining members’ contributions, instead of providing that the Secretary of State must have regard to those factors.

Regulation 6 amends regulation 9 of the Principal Regulations to enable the Secretary of State to agree with a member that that member can make a payment (or make future payments in instalments) prior to terminating its membership of the Scheme to cover liabilities which have been incurred prior to its membership terminating but have not yet fallen to be met. If there is such an agreement, and payment is also made or agreed to be made, then the Secretary of State may make payments out of the Scheme to cover any liabilities of that ex-member which fall to be met after its membership has terminated providing the other relevant conditions for payment in regulation 9 of the Principal Regulations are met.
