**AGREEMENT BETWEEN THE UNITED NATIONS INTERNATIONAL CHILDREN'S EMERGENCY FUND AND THE GOVERNMENT OF THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND**

*London, October 7, 1953*

The United Nations International Children's Emergency Fund (hereinafter referred to as "the Fund") and the Government of the United Kingdom of Great Britain and Northern Ireland (hereinafter referred to as "the Government of the United Kingdom");

Considering that the General Assembly of the United Nations created the Fund as a subsidiary organ of the United Nations by Resolution 57 (I) approved on 11th December, 1946, and amended the terms of reference of the Fund by Resolution 417 (V) approved on 1st December, 1950;

Desiring to make provision concerning the terms on which the Fund may furnish assistance for the benefit of children and adolescents and expectant and nursing mothers (hereinafter referred to as "the persons to be aided") within any Territory for whose international relations the Government of the United Kingdom are responsible where such assistance is desired;

Have agreed as follows:—

**ARTICLE I**

*Plans of Operations*

(1) The Fund shall, subject to its examination of the need for assistance and the availability of its resources, render such assistance for the benefit of the persons to be aided in any Territory for whose international relations the Government of the United Kingdom are responsible as shall be set out in Plans of Operations made pursuant to the present Agreement and for whom assistance has been requested by the Government of such Territory (hereinafter referred to as the "Government"). Such Plans of Operations shall be made between the Fund and the Government concerned, acting with the authority of the Government of the United Kingdom, and shall describe—

- (a) the project for which the assistance of the Fund is required;
- (b) the supplies and services which shall be provided and any other commitments which shall be undertaken by that Government and the Fund;
- (c) the means by which, in conformity with the policies of the Fund the proper use and distribution of any supplies or other assistance provided by the Fund shall be ensured.

(2) Each Government which submits a request to the Fund shall at the same time submit detailed proposals concerning the matters referred to in sub-paragraphs (a), (b) and (c) of paragraph (1) of this Article.

(3) Any Plan of Operations made in accordance with this Article may be amended from time to time in such manner not inconsistent with the present Agreement as may be agreed between the Fund and the Government.

**ARTICLE II**

*Transfer and Distribution of Supplies*

(1) Supplies and services provided by the Fund in accordance with any Plan of Operations shall be provided free of charge. The Fund shall retain full ownership of such supplies until received or used by the persons to be aided, or, in the case of capital goods, until title thereto is transferred on such terms as may be agreed between the Fund and the Government.

(2) The Fund shall entrust its supplies to the Government for handling or distribution as agent on behalf of the Fund. The Government may, in discharging such responsibility, utilise the services of such agencies as may be approved by the Fund.

(3) The Government shall ensure that supplies and services provided in accordance with the Plan of Operations shall be distributed to or made available for the benefit of the persons to be aided in accordance with such Plan and that such supplies and services shall be used, dispensed or distributed equitably and efficiently on the basis of need, without discrimination on the grounds of race, creed, nationality status, or political belief.

(2) Supplies and services provided by the Fund shall be in addition to, and not in substitution for, any supplies and services provided for similar purposes by the Government or other authorities within the Territory. In particular, no ration plan in force in such Territory at the date of signature of the Plan of Operations shall be modified by reason of such supplies so as to reduce the rations allocated to the persons to be aided.

(3) The persons to be aided shall not be required to pay directly or indirectly for the cost of any supplies or services provided by the Fund.

ARTICLE IV

*Administrative Arrangements and Expenses*

(1) The Government shall, in agreement with the Fund, make all arrangements—

(b) if an office is established in accordance with Article VI,

(i) for the establishment, equipment and maintenance of such office,

(ii) for the housing, subsistence, transport and travel within the Territory of the officers to be provided by the Fund under that Article,

(iii) for the clerical and related assistance, and postal telegraphic and telephonic communications,

(iv) for such other services as are necessary to facilitate any other activities referred to in that Article.

(2) The Government shall, in agreement with the Fund, defray such costs of the services referred to in paragraph (1) of this Article as are incurred in the currency of the Territory.

ARTICLE V

*Records and Accounts*

(1) The Government shall maintain such accounting and statistical records of the Fund's operations in the Territory, and shall furnish the Fund with such records, reports and information with regard to the progress of the relevant Plan of Operations as may be necessary for the discharge of the Fund's responsibilities.

- (b) to consider and review the needs of the persons to be aided in that Territory;
- (c) to inform the Fund of the progress of any project provided for in a Plan of Operations and of any problems with regard to any such project which that Government may wish to submit to the Fund.

(2) For the purpose referred to in paragraph (1) of this Article, the Fund may maintain in the Territory an office through which its officers may be reached and through which it shall conduct its principal business.

(3) The Government shall permit such duly authorised officers of the Fund entire freedom to observe the handling, distribution and use of supplies provided by the Fund and the maintenance of any loaned capital goods, and to examine and comment upon the methods of such distribution.

(4) The Government shall facilitate employment by the Fund as officers, clerical staff or otherwise, of such residents in the Territory as may be required to discharge the functions of the Fund in connexion with the Plan of Operations.
