SUPERVISION OF IMPORTS OF CERTAIN PRODUCTS
ORIGINATING IN AUSTRIA

The Representatives of the Governments of the Member States of the European Coal and Steel Community, meeting within the Council, in agreement with the Commission,

Have decided as follows:

ARTICLE 1

1. Imports of products originating in Austria to which annual indicative ceilings are applied in accordance with Articles 1 and 2 of Protocol 1 of the Agreement between the Member States of the European Coal and Steel Community and the European Coal and Steel Community, of the one part, and the Republic of Austria, of the other part,⁽²⁾ shall be subjected to supervision from 1 January until 31 December 1975.

The description of the products referred to in the preceding subparagraph, their tariff headings and statistic numbers and the levels of the indicative ceilings are given in Council Regulation (EEC) No. 2901/74⁽¹⁾ of 7 November 1974 establishing Community supervision of imports of certain products originating in Austria.

2. Amounts shall be set off against the indicative ceilings as and when products are submitted to the customs authorities under cover of a declaration that they have been made available for consumption and accompanied by a movement certificate conforming to the rules contained in the Agreement referred to in paragraph 1.

Goods shall be set off against the indicative ceiling only if the movement certificate has been submitted before the date on which customs duties are reimposed.

The reaching of an indicative ceiling shall be determined at Community level on the basis of imports set off against it in the manner defined in the preceding subparagraphs.

The Member States shall periodically inform the Commission of imports effected in accordance with the above rules.
